

## HANDMADE RECYCLED NOTEBOOKS

Our A5 notebooks are made from 100% recycled paper and card, with 80 blank sheets of 90gsm paper inside. The paper isn't lined, making them perfect to use as sketchbooks. We hand print our designs with water-based inks in our studio in Co. Waterford, and then Klee Paper in Dublin makes them into notebooks.

## RAVEN DESIGN

This design incorporates the Scottish Gaelic saying 'Tha fios fithich agad' and the Irish translation 'Fios cionn fiagh', which means, 'the knowledge of a raven's head'.

## TREE LORE DESIGNS

The leaf designs are made up of Irish words all related to each particular tree in folklore and myth. A postcard with the translations comes with each notebook.

Alder

Birch
